luma™

Luma Integrated with MEDITECH Expanse

Unlock the power of MEDITECH with Luma. Luma automates your unique workflows in Expanse to improve access to care for patients, increase efficiency for staff, and capture more revenue for your organization.

Luma maximizes your Expanse instance

REST API integration with MEDITECH enables:

- ✔ Patient self-scheduling and appointment management, with near-real-time sync into Community-Wide Scheduling

- ✔ Waitlist offers to patients directly from CWS — without staff lifting a finger

- ✔ Appointment prep and insurance verification, with staff checklist

- ✔ AI-powered fax processing and upload to get referrals and key faxes out of the queue and save staff time

...and much more

The Luma + MEDITECH Community

- ❯ Active MUSE commercial partner

- ❯ Innovative technology developed with MEDITECH health systems in mind

- ❯ Regular executive summits and community events specific to Luma + MEDITECH users

- ❯ Co-developed API integration with MEDITECH
